Info to know...

Cassidy Dawn Photography will be taking professional photos for our studio this season and we are THRILLED to have her! Most photo sessions will be during, or very near, your child's regularly scheduled class time for your convenience (excluding competition routines). We do require each student to bring \$15 in cash or check as a deposit on your photos. As in years past, this \$15 will go toward the purchase of your photos. For instance, that will purchase one sheet of photos. Ordering will be done online and we will have more info on that available soon. Please be sure to attend your scheduled time dressed and ready to go so that we may move smoothly. Also please remember to bring your patience and kindness as we are working very hard to get you through quickly, but also ensure each student receives a great photo. We appreciate your cooperation!

Please note that all photos will be taken at the studio except for our Friday session which may be outdoors, pending weather. Parents will be asked to wait in the lobby while your child's photo is taken to make sure we have his/her best focus. Also, remember there are no classes the entire week and no photos on Thursday as that is our dress rehearsal in Circleville.

Thanks!
